

EXECUTIVE SUMMARY | MESSAGE TRIANGLE

Reminding voters of the district's need to address enrollment growth, that improving schools benefits everyone, and that the steps we can take to address concerns would not raise tax rates are the main pieces of a strong messaging campaign.

[GROWTH / OVERCROWDING] Lake Washington School District is the third largest and one of the fastest growing districts in the state. This growth will be at all grade levels from kindergarten through high school. This bond will provide more classroom space to accommodate the growing number of students and relieve school overcrowding.

[EVERYONE WINS] Having good schools and facilities will have a positive effect on our neighborhoods. Better schools help build a stronger community, which improves our quality of life, and keeps our neighborhoods desirable.

Proposals

[TAX RATE/ FISCAL ACCOUNTABILITY] These proposals prioritize our schools' most urgent overcrowding, education, safety, technology and maintenance needs while keeping costs to taxpayers low. The bond and capital levy maintain the current tax rate, while the educational programs and operations levy actually lowers the property tax rate.
